Tradewater

Thank you for supporting Tradewater’s efforts to destroy greenhouse gases and fight the climate crisis.

This is a confirmation that your payment has led to the destruction of 4 tons of CO₂e. That’s the same as avoiding burning 4372 pounds of coal.

By making a payment to retire offsets, you are helping eliminate the risk of the most potent greenhouse gases entering our atmosphere and accelerating global warming.

We are committed to finding and destroying as much of those gases as we can—but we can’t do it without the support of people like you. Thank you!
